

Exclusive Auger User Workshop at AIC TU Wien

Experience Auger spectroscopy up close – Auger insights & hands-on training

16 October 2025

Programme

9 a.m. Start and welcome

9:30 to 10:30 a.m.: Presentations

12 noon Lunch

1 to 3 p.m.: Presentations

3 p.m. Coffee break

3:30 to 6 p.m.: Practical part of the workshop in the AIC laboratory rooms. We will discuss the instruments, feed in samples, and start measurements.

6 p.m.: Dinner together and conclusion

Venue

AIC (Analytical Instrumentation Centre) at TU Wien, Austria

Organiser

Physical Electronics GmbH

In cooperation with the AIC (Analytical Instrumentation Centre) at TU Wien

Get your spot!

- ✓ High spatial resolution Auger and secondary electron (SE) imaging
- ✓ Superior Auger imaging of real world (rough) surfaces
- ✓ Cylindrical Mirror Analyzer (CMA) with high energy resolution capability
- ✓ Robust insulator analysis capability
- ✓ Multi-technique solutions for in-situ characterization
